**Description**

Logging in here:

https://plugins.qgis.org/accounts/login/

with my username (wellsp) gives:

"Error 500: internal application error.

An email message with all error details has been sent to our staff that will fix the issue ASAP."

## History

**#1 - 2014-06-20 09:40 AM - Jürgen Fischer**

*- Project changed from QGIS Application to QGIS Plugin Site*

**#2 - 2014-06-20 09:42 AM - Paolo Cavallini**

*- Status changed from Open to Closed*

Not confirmed here: I log in every day, without issues. I think it is an old bug of the webapp. Please check and reopen this if necessary.
