QGIS Application - Bug report #17580
Missing flags in 'Override system locale' dropdown?

2017-11-28 11:16 PM - Richard Duivenvoorde

Status:	Closed		
Priority:	Normal		
Assignee:	Richard Duivenvoorde		
Category:	GUI		
Affected QGIS version:	master	**Regression?:**	No
Operating System:		**Easy fix?:**	No
Pull Request or Patch supplied:	Yes	**Resolution:**	fixed/implemented
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	25477

Description

See screenshot.

In earlier QGIS versions there were flags in the dropdown.
There are empty spaces now there.
I know there was discussion about using flags, but I'm not aware of removing them.
If the are removed, there is still a lot of whitespace in front of the languages.

Note that in About/Translators there are still images, though different ones then earlier? They have different sizes??

Associated revisions

Revision de3aa0c9 - 2017-11-29 01:45 PM - Matthias Kuhn

Merge pull request #5767 from rduivenvoorde/fix_#17580_missing_flags

flags apparently converted from png to svg

Fix #17580
