QGIS Application - Bug report #20877
Transifex is out of sync

2018-12-24 09:20 AM - songbo gong

Status:	Closed		
Priority:	Normal		
Assignee:	QGIS Translation Team		
Category:	Translations and international		
Affected QGIS version:	3.4.2	**Regression?:**	No
Operating System:		**Easy fix?:**	No
Pull Request or Patch supplied:	No	**Resolution:**	invalid
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	28696

Description

Translations on Transifex are not pulled into master.
Presumably this has something to do with three-dot-to-ecclipse change in the original English text.
All translation made these two months will be lost?

History

#1 - 2018-12-25 12:33 AM - Jürgen Fischer

- Resolution set to invalid

- Status changed from Open to Closed

No, transifex translations are only meant for master (and used for the master nightlies and pulled into the next release). The ts files for release branches have to be updated with scripts/update_ts.sh and linguist.
