QGIS Application - Bug report #3666
GDALTools: translate does not reproject

2011-03-22 08:43 AM - Paolo Cavallini

Status:	Closed		
Priority:	Low		
Assignee:	Giuseppe Sucameli		
Category:	GDAL Tools		
Affected QGIS version:		**Regression?:**	No
Operating System:	Debian	**Easy fix?:**	No
Pull Request or Patch supplied:		**Resolution:**	invalid
Crashes QGIS or corrupts data:		**Copied to github as #:**	13725

Description

When translating, an option is available to reproject the raster at the same time, but apparently it does not work

History

#1 - 2011-03-22 08:59 AM - Giuseppe Sucameli

- Resolution set to invalid

- Status changed from Open to Closed

If you tick the option "Target SRS" (a_srs), gdal_translate doens't reproject the input raster but override the output projection.
