QGIS Application - Feature request #9399
Print Composer / Atlas generation - scale settings

2014-01-22 02:48 AM - Bo Victor Thomsen

Status:	Closed		
Priority:	Normal		
Assignee:

Pull Request or Patch supplied:	No	**Resolution:**	fixed/implemented
Easy fix?:	No	**Copied to github as #:**	17997

Description

Let the Atlas generator respect scale settings defined under "Project properties" --> "General" --> "Project scales" when you're using the "Margin around feature" option in "Atlas generation" --> "Scaling" settings

It would be nice to only have "decent" scale values in the Atlas generated maps like "1:12.500", "1:20.000" or whatever instead of "1:11.123,24"

It would be nice also to have a checkbox somewhere in "Atlas generation" --> "Scaling" settings to switch on/off this feature

Regards
