Category: DB Manager	
Pull Request or Patch Supplied:	Resolution:
Easy fix?: No	Copied to github as #: 15842
Description	
Hi, Users need to understand database contents, so displaying table, views, schema and fields comments would help a lot. Thanks	

History

#1 - 2013-01-18 01:34 AM - Giovanni Manghi

- Project changed from 27 to QGIS Application

#2 - 2013-01-18 01:37 AM - Giovanni Manghi

- Category set to DB Manager

#3 - 2016-10-05 02:27 AM - Regis Haubourg

The need raises again, and more precisely.

The idea would be an option, stored in the project file:

- display datasource
- display metadata title + description
- display both

- add an option to truncate text if too long (max height and width)

#4 - 2017-05-01 12:48 AM - Giovanni Manghi

- Easy fix? set to No

#5 - 2018-10-23 11:41 AM - Regis Haubourg

- Status changed from Open to Closed

- Description updated

Closing, too old issue now
