

Normal shapefile

open Attribute table

Raw sight of the attribute table

Click in the symbol „form change to the formular“

The screenshot shows the QGIS desktop environment. The main map area displays a set of 12 numbered arrows (51-60) pointing in various directions. The attribute table window is open, showing a table with 12 rows and 5 columns: pkuid, nrpol, p1, and p2. The table data is as follows:

	pkuid	nrpol	p1	p2
1	49	1	1	1
2	50	1	1	1
3	51	1	1	1
4	52	1	1	1
5	53	1	1	1
6	54	1	1	1
7	55	1	1	1
8	56	1	1	1
9	57	1	1	1
10	58	1	1	1
11	59	1	1	1
12	60	1	1	1

Annotations in the image include a blue arrow pointing from the text 'Raw sight of the attribute table' to the attribute table window, and another blue arrow pointing from the text 'Click in the symbol „form change to the formular“' to the 'Auf Formularansicht umschalten' button at the bottom right of the attribute table window.

Mark (Choose a objekt): click in the square and the object is highlighted in yellow. Show value information: click in the number right of the square.
