QGIS Application - Bug report #10085
Last feature change is not saved in form mode

2014-04-17 05:15 AM - Julien Perrot

Status:	Closed		
Priority:	High		
Assignee:	Matthias Kuhn		
Category:	Attribute table		
Affected QGIS version:	2.2.0	**Regression?:**	No
Operating System:		**Easy fix?:**	No
Pull Request or Patch supplied:	No	**Resolution:**	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	18553

Description

When editing a layer through the attribute table, in "form mode" (I use drag and drop designed forms), the last feature I am editing is not saved when I push the save button or if I change editing status (the pen button). However it works when I first choose another feature before saving, or if I close the attribute table before saving.
