Status: Rejected	
Priority: Normal

Category: Vectors	
Affected QGIS version: 2.2.0	Regression?: No

Pull Request or Patch supplied:	Resolution: duplicate
Crashes QGIS or corrupts data:	Copied to github as #: 18598

Description

In previous versions (up to 1.8, I believe) it was possible to save queries in a .qpf file. Now this possibility seems gone, so it should be a regression.
