Description

I'm going through documentation on the WIKI - http://www.qgis.org/en/docs/training_manual/introduction/preparation.html - and there are no next/previous links. This means that when I am done reading one section, I must click the back button, scroll in the table of contents, and click the next section.

History

#1 - 2014-05-08 11:51 AM - Anita Graser

- Category set to Documentation and Help

- Subject changed from WIKI document navigation missing to Documentation navigation (next/previous page) missing

#2 - 2015-03-05 07:05 AM - Alexander Bruy

- Resolution set to worksforme
