<b>Pull Request or Patch supplied:</b>	<b>Resolution:</b>
<b>Easy fix?:</b> No	<b>Copied to github as #:</b> 18739
<b>Description</b>	
<p>An useful enhancement for composer could be an option to avoid qgis put a label (every label from every layer in project) too near to the border.</p> <p>Giving a limit in meters or in pixel.</p> <p>QGIS avoid to put any label overlapping fully or partially the limit.</p> <p>This help to produce (in the composer/atlas) some mosaicable and partially overlapping rasters.</p>

[FEATURE][layouts] Add setting for label margin for map items

This setting allows per-map control of how close labels are permitted to be placed to the map item's edges.

Sizes can be set using mm/inches/pixels/etc, and data defined label margins are allowed.

Fixes #10314

#### History

##### #1 - 2014-05-21 01:14 AM - Nyal Dawson

- *Category changed from Map Composer/Printing to Labelling*

There's an option in the global label settings to prevent clipped labels at the edge of maps. I think this request is just an extension of that option, and since it's not necessarily a composer specific feature I'm moving it to the labelling category.

##### #2 - 2017-05-01 12:48 AM - Giovanni Manghi

- *Easy fix? set to No*

##### #3 - 2018-12-15 02:28 AM - Nyal Dawson

- *% Done changed from 0 to 100*

- *Status changed from Open to Closed*

Applied in changeset commit:qgis|ed25a3e2ee51e38ef5ab64f1753ed3e5f1d8c892.
