Pull Request or Patch supplied:	Resolution: end of life
Crashes QGIS or corrupts data:	Copied to github as #: 18740

Description

Hi,

we try to print in the composer a rendering filled with a vertical pattern.

Randomly , we notice the vertical step is lost.

We test to 300, 600 and 1200 dpi.

This seem to happened only to 1200 dpi.

We use the pdf as output format.
