QGIS Application - Feature request #10319 Copy canvas content as image

2014-05-21 07:39 AM - Olivier Dalang

Status: Closed Priority: Normal

Assignee:

Category: Map Canvas

Pull Request or Patch supplied: Resolution: fixed/implemented

Easy fix?: No Copied to github as #: 18744

Description

Hi!

The "save as image" command from the mainwindow is great!

But what about a "copy as image" function?

That would be even greater for cross-software workflows, e.g when quickly fixing up a power point presentation. Plus it's probably not too hard to implement...

Thanks a lot!

Olivier
