

QGIS Application - Feature request #10323

copy/paste style for multiple layers

2014-05-22 02:40 AM - matteo ghetta

Status:	Closed	Resolution: Copied to github as #: 18748
Priority:	Normal	
Assignee:		
Category:	Symbology	
Pull Request or Patch supplied:		
Easy fix?:	No	
Description		
<p>The copy/paste style from a vector to another is an awesome feature. But it would be nice if one could paste the same style for several selected vectors.</p> <p>There is already a plugin that allows to do something like this (MultiQML) but it would be nice to have this as a core feature.</p>		

Associated revisions

Revision f0ae8c - 2015-12-13 10:54 AM - Salvatore Larosa

[FEATURE] allow applying the same style to selected layers or to legend group
also fixes #10323

This adds the possibility to paste the style to group or selected layers.
