

QGIS Application - Feature request #10453

Enable Incremental rendering of WMT-S tiles onto map canvas

2014-06-04 03:12 AM - Jeremy Palmer

Status:	Open	
Priority:	Normal	
Assignee:	Martin Dobias	
Category:	Map Canvas	
Pull Request or Patch supplied:		Resolution:
Easy fix?:	No	Copied to github as #: 18865
Description		
<p>In QGIS 2.2 if you checked "Use render caching where possible to speed up redraws" in the rendering options WMT-S tiles were drawn immediately after download on the screen. Under QGIS 2.4 this no longer happens - with or without MTR enabled</p> <p>This feature should be added back in as it really improves usability and makes the application more responsive.</p>
