Description	
<p>Hi. I have a simply CSV layer of place names and lat/long coordinates. They had the default marker which was size 2 circles, purple fill black border.</p> <p>Steps taken:</p> <ol style="list-style-type: none">1. change size to 12. select border colour button. Change alpha to 0 (transparent)3. [error may have occurred here, not sure] change symbol to a cross4. markers not present on map5. go back into style properties. border colour button no longer available; "Border" label still present. <p>Cheers</p>
