QGIS Application - Feature request #10637
Update EPSG database

2014-06-19 12:18 AM - Mattia De Agostino

Status:	Closed			
Priority:	Normal			
Assignee:				
Category:	Projection Support			
Pull Request or Patch supplied:	No	**Resolution:**	up/downstream
Easy fix?:	No	**Copied to github as #:**	19040

Description

Please consider to update, for the incoming 2.4 version, the reference system database to the last version (8.4.1) of the EPSG Geodetic Parameter Registry.

In the updated version were included and fixed some Coordinate Reference Systems that, for example, are really interesting for the Italian users (e.g. the new National Reference System RDN2008 and its projections - EPSG 6706 and related).

The last nightly build version does not include these CRS.

Thanks, and let me know if I could give you an hand!
Mattia

History

#1 - 2014-06-19 02:13 AM - Jürgen Fischer

- Resolution set to up/downstream

- Priority changed from High to Normal

- Status changed from Open to Closed

Our database gets synced with the GDAL database on install.
