QGIS Application - Feature request #1068
Text labels angles

2008-05-06 05:03 AM - pls -

Status:	Closed		
Priority:	Low		
Assignee:	nobody -		
Category:			
Pull Request or Patch supplied:		**Resolution:**	worksforme
Easy fix?:	No	**Copied to github as #:**	11128

Description

Actually an optional angle property is available for all the labels in a database

Especially for city maps, it should be very useful to have another option that,

for each label, uses a value stored in a particular database field to specify the angle to use for that specific label.

See the attachment for an example.
