Algorithm Extract by location starting...	
'QgsVectorLayer' object has no attribute 'layer' See log for more details	
I tried with save to file and save to temporal file	

History

#1 - 2014-06-24 01:52 AM - Giovanni Manghi

- Resolution set to invalid
- Status changed from Open to Closed

It works ok on master. To test you have to install master and be sure that in .qgis2/python/plugins you don't have any "processing" folder, if yes delete it.

#2 - 2015-06-07 04:31 AM - Giovanni Manghi

- Category changed from 94 to Processing/Core
