

QGIS Application - Bug report #10721

Keyboard focus for attribute table when finishing digitization of a feature

2014-06-25 07:46 AM - Saber Razmjooei

Status: Closed	
Priority: Normal	
Assignee:	
Category: Digitising	
Affected QGIS version: 2.2.0	Regression?: No
Operating System: Windows	Easy fix?: No
Pull Request or Patch supplied: No	Resolution: end of life
Crashes QGIS or corrupts data: No	Copied to github as #: 19109

Description

When finishing digitisation of a feature the attribute table will appear. In QGIS 2.2 (and I guess previous versions) the keyboard focus is on the first attribute value to be inserted. But in QGIS master, there is no keyboard focus. So user needs to click on the attribute value before typing the value.

Will be good to save humanity from that one extra click!

History

#1 - 2014-06-28 07:45 AM - Jürgen Fischer

- Target version changed from Version 2.4 to Future Release - High Priority

#2 - 2017-05-01 01:08 AM - Giovanni Manghi

- Easy fix? set to No

- Regression? set to No

#3 - 2019-03-09 03:12 PM - Giovanni Manghi

- Resolution set to end of life

- Status changed from Open to Closed

End of life notice: QGIS 2.18 LTR
