

QGIS Application - Feature request #10781

Print composer extents add option to auto sync to map canvas extent

2014-07-02 09:29 AM - Antonio Locandro

Status: Open	
Priority: Normal	
Assignee:	
Category: Map Composer/Printing	
Pull Request or Patch supplied:	Resolution:
Easy fix?: No	Copied to github as #: 19162
Description	
Current behaviour one has to manually click set to map canvas extent, an option to sync both would be a nice addition I think	
Maybe a checkbox with auto which grays out min/max values?

I totally agree. Printing out a map is not an easy task for novice users when the print composer doesn't automatically reflect the canvas.

#3 - 2014-07-09 07:25 PM - Ed B

I just finished a new plugin which will synchronize the map with composer. When it is approved I will update this issue.

#4 - 2014-07-22 10:21 AM - Ed B

The plugin is finished but it is experimental and it only works on 64 bit version

#5 - 2014-07-24 06:35 PM - Antonio Locandro

Tried with 32 bit and worked, I was hoping more of a check box that each time the map canvas moved the print composer would synchronize, but this is a compromise.

#6 - 2014-07-25 10:19 AM - Ed B

I hope to get it working so that you don't have to click the toolbar button but I need to learn how to work with signals and slots.

#7 - 2014-07-25 10:22 AM - Antonio Locandro

Maybe keeping both options would be nice, keep up the good work! Thanks for the plugin

- *Easy fix? set to No*

#9 - 2018-03-19 06:20 PM - Antonio Locandro

Too bad this plugin last update is 2014 and the functionality is not part of layouts. Would be interesting if Nyal could add this.
