if you are using 2.2 like in the other osm related ticket, please test 2.4 and see if it is confirmed.

- File thesame.jpg added

i get the same result,only one polygon

If you want the same file that i am using, you can overpass and get the file in about one hour

```
[timeout:86400];
```

```
(node(34.759984,-12.216797,71.587596,36.298828)[shop];
```

```
way(34.759984,-12.216797,71.587596,36.298828)[shop]);
```

```
out meta;
```

- Operating System deleted (Windows)

- OS version deleted (7)

confirmed on Linux too.

it was because of the query to overpass api, now is working <https://github.com/drolbr/Overpass-API/issues/119#issuecomment-48021848>
