

QGIS Application - Bug report #10971

Map composer: map updates

2014-07-29 04:20 AM - Paolo Cavallini

Status: Closed	
Priority: Low	
Assignee:	
Category: Map Composer/Printing	
Affected QGIS version: 2.4.0	Regression?: No
Operating System:	Easy fix?: No
Pull Request or Patch supplied:	Resolution: fixed/implemented
Crashes QGIS or corrupts data:	Copied to github as #: 19317
Description	
<ul style="list-style-type: none">- open a new composer- add a map- set property to Render (not Cache)- change symbology on the canvas- the map is not updated- it gets updated when clicking on the button Update.	
A very minor annoyance.	

History

#1 - 2014-08-13 09:40 AM - Antonio Locandro

minor annoyance but can frustrate specially new users

#2 - 2017-05-01 01:08 AM - Giovanni Manghi
