## Description

Hi !

In the "new spatialite layer" window, the OK button is grayed out unless you add at least one attribute in the list (the autoincrementing column doesn't count).
But as far as I know, a spatialite table with only a geometry column is perfectly valid and sometimes wanted.

Thanks !

## History

**#1 - 2016-05-24 10:53 PM - Alexander Bruy**

*- Category changed from Vectors to Data Provider/SpatiaLite*

**#2 - 2017-05-01 01:08 AM - Giovanni Manghi**

*- Easy fix? set to No*

*- Regression? set to No*

**#3 - 2019-03-09 03:12 PM - Giovanni Manghi**

*- Resolution set to end of life*

*- Status changed from Open to Closed*

End of life notice: QGIS 2.18 LTR
