History

Though a bit light, we do have <https://github.com/qgis/QGIS/blob/master/CONTRIBUTE.md> in QGIS GitHub repo. Then in the website, there's <http://qgis.org/en/site/getinvolved/development/qgisdevelopersguide/index.html> for coders or http://docs.qgis.org/testing/en/docs/documentation_guidelines/index.html for writers and translators.

Anything else needed or could this report be closed?

- Easy fix? set to No

#3 - 2017-05-03 11:59 AM - Harrissou Santanna

- Description updated

Is this still valid given the pull request template?

#4 - 2017-05-03 12:00 PM - Giovanni Manghi

- Status changed from Open to Feedback

#5 - 2018-02-26 03:06 AM - Paolo Cavallini

I still believe having contributing guidelines in the repo itself (can be a copy of the website page, or better the page and the docs could point to CONTRIBUTING.md file in the repo)

Paolo, just in case, we do have <https://github.com/qgis/QGIS/blob/master/.github/CONTRIBUTING.md>, shown anytime someone wants to create a pull request.

I get a 404.

Thanks.

From desktop it works, from phone not.

Thanks for pointing out, this fixes the issue IMHO.
