

QGIS Application - Bug report #11014

NetCDF 'fill value' or NaNs

2014-08-05 11:47 PM - Terry Rankine

Status: Closed	
Priority: Normal	
Assignee:	
Category: Rasters	
Affected QGIS version: 2.4.0	Regression?: No
Operating System: win32	Easy fix?: No
Pull Request or Patch supplied: No	Resolution: end of life
Crashes QGIS or corrupts data: No	Copied to github as #: 19354

Description

Hi
qgis 2.4.0 importing an NetCDF does not seem to set the transparency for the fillvalue attribute used in netCDF

If I import anything from here:
<http://vhirl-dev.csiro.au/thredds/catalog/dem/catalog.html>
they all seem to import incorrectly (missing the fill value)

Please have a look.
Regards
Terry
