QGIS Application - Feature request #11021
Merge File and Directory add vector layer dialogs

2014-08-07 08:00 AM - Antonio Locandro

Pull Request or Patch supplied:	No	**Resolution:**	
Easy fix?:	No	**Copied to github as #:**	19361

Description

Basically there is nothing special from the Directory dialog that makes it different from file except the extra dialog where you select which features to add afterwards, it would be easier to just add those sources to the available ones when adding a file one and just rename it to File/Directory maybe?
