QGIS Application - Bug report #11057
composer items panel: name of selected item(s) should be underlined

2014-08-14 07:18 PM - Mathieu Pellerin - nIRV

Status:	Closed			
Priority:	Low

Category:	Map Composer/Printing			
Affected QGIS version:	master	**Regression?:**	No	
Operating System:		**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**		
Crashes QGIS or corrupts data:		**Copied to github as #:**	19391	

Description

Right now, if you select item(s) directly from the composer sheet, the items panel doesn't indicate which item(s) is/are selected. It would be nice for the selected items to have the display name underlined (duplicating an established behavior found on the qgis main canvas' layers panel)
