QGIS Application - Bug report #11305 Adding an overview map to print composer crashes QGIS

2014-10-01 01:58 PM - Anita Graser

Status: Closed

Priority: Severe/Regression

Assignee:

Category: Map Composer/Printing

Affected QGIS version:master Regression?: No Operating System: Easy fix?: No

Pull Request or Patch shapplied: Resolution:

Crashes QGIS or corruptes data: Copied to github as #: 19601

Description

To reproduce just add two maps to a print composition. Try to turn the second one in to an overview map. QGIS crashes when trying to set the map frame to Map0.

Tested with today's nightly OSGeo4W on Win7.

not confirmed in my win7 and master 675ba9a + tested on debian wheezy

#3 - 2014-10-02 10:22 AM - Anita Graser

not confirmed on win8 either \dots strange, must be local then \dots sorry for the noise!
