QGIS Application - Bug report #11521
EasyCustomLabeling doesn't work well after saving project

2014-10-29 01:47 PM - Luca Lanteri

Status:	Closed			
Priority:	Normal			
Assignee:				
Category:	Labelling			
Affected QGIS version:	2.4.0	**Regression?:**	No	
Operating System:		**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**		
Crashes QGIS or corrupts data:		**Copied to github as #:**	19791	

Description

step to replicate:

1) create a memory layer with EasyCustomLabeling

2) move some labels

3) install Memory Layer Saver

4) save project

5) close and reopen it

6) try to move some other label

all works fine except lines that connect objects with labels. If you move a label the line now don't moving with it.

Hi, this is a know problem, some signals are not fetched correctly. I push your issue in the plugin's bugtracker: [[
https://github.com/haubourg/EasyCustomLabeling/issues]]

I close this one.

Cheers

Régis

Ok,

thanks for replay and for the gorgeous plugin.

Luca
