

## QGIS Application - Feature request #1155

### unselect all selected features of different layers

2008-07-14 03:42 AM - bjpfei -

<b>Status:</b>	Closed	
<b>Priority:</b>	Low	
<b>Assignee:</b>	nobody -	
<b>Category:</b>	Vectors	
<b>Pull Request or Patch supplied:</b>		<b>Resolution:</b> fixed
<b>Easy fix?:</b>	No	<b>Copied to github as #:</b> 11215
<b>Description</b>		
<p>A great thing would be the possibility to unselect <b>all</b> selected features of <b>different</b> layers. If I'm right only unselecting all selected features of one layer is actually possible. Therefor a button in the toolbar would be great.</p>		

#### History

##### #1 - 2008-12-20 05:24 AM - Borys Jurgiel

We can also implement a menu with various selection tools, including Barry's Select plugin, some fTools tools etc

##### #2 - 2009-11-27 09:06 AM - Paolo Cavallini

- Resolution set to fixed

- Status changed from Open to Closed

Fixed in commit:ad615322 (SVN r12225)
