| <b>Description</b>   |                                     |
| QGIS Server returns a 500 Internal Server Error instead of a SERVICE EXCEPTION on GetFeatureInfo REQUESTS if mandatory QUERY_LAYERS parameter is missing. It should return an exception instead. |                                     |

#### History

##### #1 - 2015-11-07 11:25 AM - Giovanni Manghi

- Target version deleted (Version 2.6)

##### #2 - 2016-06-10 04:02 AM - Yves Jacolin

- Assignee set to Stéphane Brunner

##### #3 - 2017-05-01 01:07 AM - Giovanni Manghi

- Easy fix? set to No

- Regression? set to No

##### #4 - 2019-03-09 03:12 PM - Giovanni Manghi

- Resolution set to end of life

- Status changed from Open to Closed

End of life notice: QGIS 2.18 LTR
