Pull Request or Patch supplied:	No	**Resolution:**	
Easy fix?:	No	**Copied to github as #:**	19842

Description

It would be nice if we had a context menu in the new items list of the print composer.

We could add some new functionality to the items, like:

  - delete item
  - duplicate item
  - Copy/cut/paste
  - Zoom to element (with margin)
  - Move to top/bottom
  - Move one up/down

Associated revisions

Revision 91c3b5d2 - 2017-11-07 02:32 AM - Nyall Dawson

Add a shortcut menu to items panel, with option to show

item properties
