

QGIS Application - Feature request #11752

Save / export as image doesn't remember last used file type

2014-11-27 03:06 AM - marisn -

Status:	Open	Resolution: Copied to github as #: 19985
Priority:	Low	
Assignee:		
Category:	GUI	
Pull Request or Patch supplied:	No	
Easy fix?:	No	
Description		
<p>Both Print composer and main application options of saving as an image are affected.</p> <p>Steps to reproduce:</p> <ul style="list-style-type: none">- Project -> Save as image- Choose "PNG" as an image type, save image- Repeat aforementioned steps <p>Result:</p> <p>When repeating exporting / saving as an image, the first of supported file formats is offered by default (BMP), although previously other more common file type has been used.</p> <p>Expected result:</p> <p>A last used file format is offered on next save / export. In provided test case it should be PNG when "Save as image" dialog is opened for a second time.</p> <p>Tested with 2.7 f00db95 on ~AMD64 Gentoo with Qt 4.8.6</p>
