QGIS Application - Bug report #11756
In print composer multiple items can have the same ID

2014-11-28 07:00 AM - Luca Casagrande

Status:	Closed		
Priority:	Normal		
Assignee:			
Category:	Map Composer/Printing		
Affected QGIS version:	2.6.0	**Regression?:**	No
Operating System:		**Easy fix?:**	No
Pull Request or Patch supplied:	No	**Resolution:**	end of life
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	19988

Description

In print composer is it possible to assign the same ID to multiple items.

Is this an intended behavior?

I tried getComposerItemById, and it returns just one element (also when multiple items have the same ID).

History
