

QGIS Application - Feature request #11768

Display several features in Map Tips

2014-12-01 01:53 AM - Vincent Mora

Status: Open	
Priority: Normal	
Assignee:	
Category: Unknown	
Pull Request or Patch supplied:	Resolution:
Easy fix?: No	Copied to github as #: 20000
Description	
The map tip displays only the first feature encountered, for overlapping features it would be nice to have a list of features under the mouse like in the contextual menu of the identify tool.
