QGIS Application - Bug report #11849
Zonal stats plugin not working with spatialite layer

2014-12-11 02:52 PM - Mitchell Weier

Status:	Closed		
Priority:	Normal		
Assignee:			
Category:	Analysis library		
Affected QGIS version:	2.6.1	**Regression?:**	No
Operating System:		**Easy fix?:**	No
Pull Request or Patch supplied:	No	**Resolution:**	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	20064

Description

It appears that the zonal stats plugin will add the max, min, and mean columns to a spatialite layer, but they are not populated and remain null. If one converts the layer to shapefile format, the plugin works as expected. Am I missing something here?

Revision 085d0ad0 - 2015-04-20 10:20 AM - Nyall Dawson

Fix zonal stats not saving values to spatialite layers (fix #11849)

History

#1 - 2014-12-14 03:58 AM - Giovanni Manghi

- OS version deleted (Mavericks)

- Operating System deleted (Mac OS X)

Confirmed also on Linux. Should be interesting to check if it ever worked in past qgis releases.

#2 - 2014-12-15 06:26 AM - Mitchell Weier

I don't recall this ever working in my experience (>1.8). I have confirmed it does not work with 2.4. Would be nice to have though.
