QGIS Application - Bug report #11877
Processing/master: default parameters are not retained in batch mode

2014-12-17 05:10 AM - Giovanni Manghi

Status:	Closed			
Priority:	Severe/Regression			
Assignee:	Victor Olaya			
Category:	Processing/GUI			
Affected QGIS version:	master	**Regression?:**	No	
Operating System:		**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**	fixed/implemented	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	20091	

Description

In QGIS master when running modules in batch mode, there are default parameters that are not automatically filled (as it was until 2.6.1).

For example in all GRASS modules the cellsize is always empty, but the are also other numerical parameters with a default that show empty in batch mode.
