QGIS Application - Bug report #11991
Grid annotation distance to map frame not initialized correctly

2015-01-15 03:56 AM - Sandro Santilli

Status:	Closed			
Priority:	Normal			
Assignee:				
Category:	Decorations			
Affected QGIS version:	master	**Regression?:**	No	
Operating System:		**Easy fix?:**	No	
Pull Request or Patch supplied:	No	**Resolution:**		
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	20197	

Description

It looks like the "distance to map frame" parameter of grid decoration annotations is not retained.

To test:

- Enable grid, set show annotations and "distance to map frame" = 16
- Click on Apply, see grid annotation offsetted from frame
- Close dialog (OK)
- Re-open GRID dialog, the distance to map frame is now 0

NOTE: the value is correctly saved to project file and used from there, but it is not shown correctly in the dialog.
