QGIS Application - Bug report #12015
Allow transfer of rasters from QGIS to PostGIS through DBManager

2015-01-20 08:19 AM - Guillaume Larocque

Status:	Rejected		
Priority:	Normal		
Assignee:			
Category:	DB Manager		
Affected QGIS version:	2.6.0	**Regression?:**	No
Operating System:		**Easy fix?:**	No
Pull Request or Patch supplied:		**Resolution:**	duplicate
Crashes QGIS or corrupts data:		**Copied to github as #:**	20218

Description

There doesn't appear to be a way to transfer files from QGIS to PostGIS in DBManager, either through a DBManager menu item or through drag and drop from the filesystem, QGIS Browser or QGIS layer manager.

History

#1 - 2015-01-20 08:23 AM - Paolo Cavallini

- Resolution set to duplicate

- Status changed from Open to Rejected

Apparently a duplicate of #4777.

Feel free to reopen if this is not the case.

#2 - 2015-01-20 08:27 AM - Guillaume Larocque

I don't seem to be able to reopen, but #4777 seems to describe importing FROM QGIS to PostGIS, which is already implemented. What this issues is asking for is the other way around... from QGIS to PostGIS.
