

## QGIS Application - Feature request #1209

### GPS plugin - use stored path for all file browser dialogs; also save/use file type

2008-08-06 06:05 PM - Steven Mizuno

<b>Status:</b> Closed	
<b>Priority:</b> Low	
<b>Assignee:</b>	
<b>Category:</b> C++ Plugins	
<b>Pull Request or Patch supplied:</b>	<b>Resolution:</b> fixed
<b>Easy fix?:</b> No	<b>Copied to github as #:</b> 11269
<b>Description</b>	
<p>1. GPS Tools (GPS Importer) - use stored path to GPX file to initialize the file dialog (and save on successful operation) in the following tools/file browsing:</p> <p>Import other file - "GPX output" field</p> <p>Download from GPS - "Output file" field</p> <p>GPX conversions - "GPX output file" field</p> <p>as is done for Load GPX file (File) and GPX conversions (GPX input file)</p> <p>Also do this for Create new GPX layer.</p> <p>I reason that most users will probably be storing GPX files in the same general location, perhaps one directory up/down from there, plus it is very annoying to have to navigate from current working directory every time the file browse dialog is used.</p>	
<p>2. use a different stored path to initialize the file dialog (and save on successful operation) in the Import other file - "File to import" field</p> <p>Same reasons as in item 1, except that this is a different type of file that may be stored in a different location.</p>	
<p>3. store the type of file and initialize the file dialog from this for "File to import" in the Import other file tool.</p> <p>Reason is that a user is likely to be importing a number of files of the same type, so it is annoying to have to set the type each time.</p>	

#### Associated revisions

##### Revision 1c3117e3 - 2012-01-12 05:33 PM - Alexander Bruy

save last used dirs and last used filter in GPSTools plugin (fix #1209).

Also remember dialog size and position and restore them (addresses #206)

##### Revision e531a53e - 2012-01-12 07:28 PM - Alexander Bruy

save last used dirs and last used filter in GPSTools plugin (fix #1209).

Also remember dialog size and position and restore them (addresses #206)

#### History

##### #1 - 2011-12-16 01:58 PM - Giovanni Manghi

- Target version changed from Version 1.7.0 to Version 1.7.4

**#2 - 2012-01-12 08:59 AM - Alexander Bruy**

- % Done changed from 0 to 100
- Status changed from Open to Closed

Fixed in changeset commit:"1c3117e3cba92af57a213cd3ded7912be3d959ea".

**#3 - 2012-01-12 09:01 AM - Alexander Bruy**

- Pull Request or Patch supplied set to No
- Resolution set to fixed
- Assignee deleted (nobody -)
