Pull Request or Patch supplied:	No	Resolution: end of life
Crashes QGIS or corrupts data:	No	Copied to github as #: 20367
Description		
<p>The custom dash pattern UI is completely unclear and produces very odd results.</p> <p>The problems:</p> <ol style="list-style-type: none">1. Unclear what units are being used: It isn't millimetres, nor is it some arbitrary unit of 1 line width2. Production of an alternating pattern (where one line dashes in others space) appears impossible <p>I recommend copying the UI from Illustrator, which is simple and easy to understand. It can be seen here:</p> <p>http://www.vectordairy.com/tips-and-tricks/dotted-lines-in-illustrator/</p>
