QGIS Application - Bug report #12216
No write permission when saving a raster layer

2015-02-16 10:50 PM - Etienne Trimaille

Status:	Closed			
Priority:	Normal			
Assignee:				
Category:	GUI			
Affected QGIS version:	master	**Regression?:**	No	
Operating System:	Kubuntu	**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**	end of life	
Crashes QGIS or corrupts data:		**Copied to github as #:**	20404	

Description

With the 'save as' function, an exception is raised when you try to save a vector layer if you don't have the write permission.
However, there isn't an error message with a raster layer.

QGIS should warn that it can't write the file.

History
