QGIS Application - Feature request #12279
Split vector layer: add option to load results

2015-02-26 09:56 AM - Paolo Cavallini

Status:	Open		
Priority:	Normal		
Assignee:	Victor Olaya		
Category:	Processing/QGIS		
Pull Request or Patch supplied:	No	**Resolution:**	
Easy fix?:	No	**Copied to github as #:**	20462

Description

The results of Processing:QGIS:Split vector layer are not loaded by defualt, and the user has the impression that nothing is done.
IMHO is is preferable to improve OutputDirectory by adding a new flag, something like "canLoad" and load directory contents if this flag set.
Thanks Alex for comments.
