| <b>Operating System:</b>                                   | Ubuntu     | <b>Easy fix?:</b> No                |
| <b>Pull Request or Patch supplied:</b>                     | No         | <b>Resolution:</b> wontfix          |
| <b>Crashes QGIS or corrupts data:</b>                      | No         | <b>Copied to github as #:</b> 20494 |
| <b>Description</b>   |            |                                     |
| Looks like simplification tolerance issue. See attachment. |            |                                     |

History

#1 - 2015-03-05 03:54 AM - dr -

- Resolution set to wontfix
- Status changed from Open to Closed

It seems GDAL bug and it already was fixed <http://trac.osgeo.org/gdal/changeset/27294>
