

QGIS Application - Bug report #12375

Dissolve plugin not working properly

2015-03-15 05:59 AM - Ger CO

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	Vectors	
Affected QGIS version:	2.8.1	Regression?: No
Operating System:	windows	Easy fix?: No
Pull Request or Patch supplied:	No	Resolution: not reproducible
Crashes QGIS or corrupts data:	No	Copied to github as #: 20549
Description		
<p>when indicating a field to dissolve, that field is not properly used. still duplicates occur!</p> <p>furthermore, i desperately miss the option of indicating fields that are maintained after dissolve opeations. i´dlike to have the options sum, min, mean, max, range, etc.</p>		

History

#1 - 2015-03-15 06:05 AM - Giovanni Manghi

- Subject changed from Dissolve plugin not working properly and lacks the option of field statistics to Dissolve plugin not working properly
- Status changed from Open to Feedback

it is already fixed in QGIS master with a new tool in the Processing toolbox (GDAL/OGR > Geoprocessing).

Anyway: what dissolve tool is not working for you? beside the one in the "vector" menu there are at least 3 alternatives in the Processing toolbox (QGIS, GRASS and SAGA).

I meant the lack of stats for dissolves fields.

#3 - 2015-03-16 02:32 AM - Harrissou Santanna

And I would add the plugin Dissolvewithstats (still tagged as experimental though it works well)

#4 - 2015-05-10 01:03 AM - Giovanni Manghi

- Target version changed from Version 2.8.1 to Version 2.8.2

#5 - 2015-05-10 11:47 AM - Giovanni Manghi

- Resolution set to not reproducible
- Status changed from Feedback to Closed

closing for lack of feedback.
