QGIS Application - Bug report #12552
Error with categorized labels on layer using gdb layer.

2015-04-12 06:34 PM - James Harvey

Status:	Closed		
Priority:	Normal		
Assignee:			
Category:			
Affected QGIS version:	2.8.1	**Regression?:**	No
Operating System:	PC	**Easy fix?:**	No
Pull Request or Patch supplied:	No	**Resolution:**	fixed/implemented
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	20693

Description

I am accessing a ARC Gis .gdb layer but when I used categorized names based on a field type to split the data it does not use the field that I selected.

I can access the data using rule based labels as a work around at the moment.
