QGIS Application - Feature request #12580
processing: allow define the mimum number of inputs in "ParameterMultipleInput"

2015-04-15 04:22 AM - Giovanni Manghi

Status:	Closed		
Priority:	Normal		
Assignee:	Victor Olaya		
Category:	Processing/Core		
Pull Request or Patch supplied:	No	**Resolution:**	
Easy fix?:	No	**Copied to github as #:**	20705

Description

AS far as I understand (and I could be missing something) there is no way to allow define the minimum number of inputs in

ParameterMultipleInput

this could lead to have a module running without the minimum number of inputs and this will lead to errors, see for example #12517

Associated revisions

Revision 70e2696b - 2016-03-23 04:23 PM - Alexander Bruy

Merge pull request #2936 from sept-en/master

[processing] fix filter in Processing settings dialog. Add ability to specify mininal required number of items for MultipleInput parameter (fix #11469, fix #12580)
