QGIS Application - Bug report #12583
Don't work Edit Rendering styles for outputs for some providers

2015-04-15 01:37 PM - João Gaspar

Status:	Closed			
Priority:	Normal			
Assignee:	Victor Olaya			
Category:	Processing/Core			
Affected QGIS version:	2.8.1	**Regression?:**	No	
Operating System:	Linux Mint	**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**		
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	20708	

Description

Hi guys,

the option Edit rendering styles for outputs is disable for user-models, R scripts, Scripts and Lidar Tools. In the case of user-models i think that option was enable in older version of QGIS.

This kind of behavior is normal or is a bug?

Regards
João Gaspar
