#### Description

Names for individual classes in a thematic map can be changed in Print composer > Legend. However, only the changes of first item in the list are actually taken into account; the others are not saved.

#### History

##### #1 - 2015-05-07 02:04 AM - Giovanni Manghi

- Status changed from Open to Feedback

seems to work fine on master or I have not understand correctly the issue.

##### #2 - 2015-05-07 10:20 AM - Paolo Cavallini

Tried again on Linux, and I agree with you. Must have been a local issue, or one with Windows (unchecked). If it works also on win, please close this, and sorry for the noise (I no longer have a win box at hand).

##### #3 - 2015-05-10 12:52 AM - Giovanni Manghi

- Resolution set to invalid

- Status changed from Feedback to Closed

tested also on Windows.
